Ref: Cultural Impact Analysis for the Hawaiian Electric Company, Inc.: East O`ahu
Transmission Project -- 46kV Phased Project.

Question(s):

- a. Which Hawaiian Civic Clubs were contacted?
- b. Was `Ilio`ulaokalani Coalition contacted?
- c. Was Hui O Malama contacted?
- d. Was the Native Hawaiian Legal Corp., contacted?

HECO Response:

In order to identify knowledgeable sources for use in obtaining information pertinent to the Cultural Impact Assessment, in accordance with the Hawaii State Department of Health Act 50 "Guidelines for Cultural Impact Assessments," meetings with the following agencies and organizations were conducted: State Historic Preservation Division, Archaeological Program; the State Historic Preservation Division, Burial Program; the Office of Hawaiian Affairs; the Waikiki Descendants Group; and Van Diamond, representing the Oahu Burial Council. Through these meetings, the persons identified in Section 4.4 of the Cultural Impact Assessment were identified and either interviewed or attempted to be interviewed. Through this process, the following were not identified and, therefore, not contacted: Hawaiian civic clubs, Ilio`ulaokalani Coalition, Hui O Malama, and the Native Hawaiian Legal Corporation.

a-d: See the response above.
